

**UNIVERSITY OF TOLEDO
FACILITIES AND CONSTRUCTION**

Section:	Grounds	Procedure Number:	G-03
Subject:	Application of Pesticides	Effective Date:	January 1980
		Revised Date:	December 2019
Facilities Officer:	<i>Brian P. Foley</i>	Reviewed Date:	February 2023

Standard Operating Procedure

All pesticides will be applied as per manufacturer's specifications, recommendations and state or local rules and regulations.

Purpose

To ensure that all pesticides will be properly selected and safely applied in an environmentally responsible manner.

Procedure

1. All pesticides will be transported and applied following all applicable laws pertaining to:
 - a) Notification
 - b) Application
 - c) Posting
 - d) Record Keeping
2. All pesticides will be applied by trained operators.
4. Written records will be completed by the licensed applicator and filed within the Grounds Office.
5. MSDS sheets will be available within the Manager, Fleet/Ground's office and/or the Facilities Maintenance office.
